

PROFESSIONAL SUMMARY

UX/Product Designer with 2 years of experience designing 0→1 enterprise SaaS products from user research to launch. Experienced in workflow design, interaction design, information architecture, prototyping, and usability testing to simplify complex enterprise workflows.

WORK EXPERIENCE

OctoDo Solutions Pvt. Ltd.

May 2024 – Mar 2026

Product Engineer (UX & Product Systems) (Intern → Full-time)

- Led user research, stakeholder workshops, and workflow discovery for **2** enterprise SaaS products, translating business needs into intuitive product experiences.
- Designed end-to-end user journeys, information architecture, wireframes, and interactive prototypes while collaborating with Engineering, QA, and Business teams.

— *IntelliQ – Enterprise Data Analytics Platform*

[Case Study](#) | [Figma](#) | [Live](#)

- Conducted **20+** stakeholder interviews across **4** organizations to uncover usability gaps in spreadsheet-based enterprise workflows.
- Designed user journeys, information architecture, high-fidelity prototypes, and reusable design systems for Smart Sheets, dashboards, and approval workflows.
- Designed scalable data-intensive experiences supporting **200+** users, **1.5k+** Smart Sheets, and **100+** dashboards, collaborating closely with engineering through implementation.
- Validated designs through stakeholder feedback and usability testing, achieving **95%+** adoption while reducing manual effort by **~60%** and workflow completion time by **~50%**.

— *EcoIndex – Event Sustainability & Carbon Accounting Platform*

[Case Study](#) | [Figma](#) | [Live](#)

- Conducted **20+** user interviews and domain research to design Scope 1, 2, and 3 carbon accounting workflows.
- Designed the complete mobile app and responsive web platform, including user journeys, information architecture, wireframes, prototypes, dashboards, and carbon calculators.
- Improved user retention to **65%** through rewards, daily challenges, affiliate features, and continuous feedback.
- Delivered experiences adopted by **250+** enterprise customers and **1,000+** users across **6** organizations, including **ITC Hotels** and **Radisson Hotels**.
- Enabled organizations to measure over **1.8M+ kg CO₂e** across **42+** events, helping reduce **32%** plastic waste and **18%** fuel consumption through data-driven sustainability insights.

KloudStac

Jun 2023 – Aug 2023

Cloud Developer Intern (Remote)

[Certificate](#)

- Built an enterprise AI assistant using Azure OpenAI, Azure Cognitive Search, and Azure Form Recognizer, enabling intelligent document retrieval and automated document processing for enterprise knowledge management.

SKILLS

- UX:** User Research, Stakeholder Interviews, Journey Mapping, User Flows, Information Architecture, Interaction Design, Wireframing, Prototyping, Usability Testing, Design Systems, Accessibility.
- Product:** Product Discovery, Workshop Facilitation, Workflow Design, Feature Prioritization (RICE), Product Strategy, Product Metrics, A/B Testing, Agile (Scrum).
- Tools:** Figma, FigJam, Google Analytics (GA4), Adobe Photoshop, Adobe Illustrator.
- Development:** React.js, JavaScript (ES6+), REST APIs, SQL, Git.

EDUCATION

Indian Institute of Technology (IIT) Ropar

Nov 2020 – Jul 2024

Bachelor of Technology in Metallurgical and Materials Engineering

LEADERSHIP & ACHIEVEMENTS

- Secured **99.56 percentile** in JEE Mains (Top 1% in JEE Advanced).
- Graphic Design Lead, Zeitgeist (Cultural Fest) & Aarohan (Sports Fest), IIT Ropar (2023).
- Mentor & Representative, Vibgyor Fine Arts Club, IIT Ropar (2021–2023).
